INDUSTRIAL DOORS LTD

## Sliding Folding Doors

Purpose designed top hung sliding folding shutter doors are manufactured to suit all types of industrial applications.

They are particularly suited to wide openings or where there is very limited headroom available.

Smooth running and easy to operate, folding shutters can be face mounted inside or outside of the opening or hung between the jambs.

Galvanised finish is standard although as an alternative polyester powder coating in various colours may be applied to the exterior face.

Our full U.K. Installation is backed up with a comprehensive after sales contract repair and maintenance service which ensures your door is kept in good condition.

**Options available include:**

POWDER COAT PAINT FINISH  
VISION PANELS  
DRAUGHT EXCLUDERS  
SUMP BOXES  
VENTILATION GRILLES

Armstrong Way,  
Great Western Business Park,  
Yate, Bristol, Bs375Ng
